

R.M. of Browning No. 34

Dust Control

Policy No. 400-1

July 8, 2025

Subject:	Dust Control
Type:	Transportation
Authority:	Approved by Council: July 8, 2025

Policy to Provide Dust Control to Ratepayers

A Policy of the Rural Municipality of Browning No. 34 to provide dust control to ratepayers of the R.M. as follows:

1. The Rural Municipality of Browning No. 34 ("R.M.") agrees to supply dust control to ratepayers in the way of oil, canola oil, magnesium chloride, calcium chloride, sand seal or pavement, whichever is suitable.
2. Council has the right to deny any ratepayer dust control.
3. The R.M. will charge the amount as set out in the annual Appointments, Rates and Committees for the R.M. for this service and will maintain the area.
4. The length of the dust control will be approximately two hundred fifty (250) metres to a maximum of three hundred (300) metres.
5. Any area over three hundred (300) metres will be charged to the ratepayer at one hundred (100%) percent of the cost.
6. A maximum of two (2) applications of any spray on product will be supplied by the R.M. on council approval. Any further applications of dust control will be at the expense of the ratepayer.
7. Special circumstances that may arise due to road construction, application will be at the discretion of council.
